THE GAZETTE is free to all residents, and is a non-profit-making publication. It is partly funded by local businesses, but mainly funded by your patronage of village activities, and your subscriptions to local associations. It is also online at www.galmptontorbay.org.uk via *THE GAZETTE* links. Views expressed are not necessarily those of the **Sponsors** or **The Editor**. Front Cover - **Galmpton Windmill** from painting by **George Bedford** 1850-1920.

Editorial

Welcome to another bumper special edition, which now runs to **52** pages ! The **Community Partnerships** have kindly funded the extra **1,400** copies for **Hookhills**, to publicise their existence to all residents of the district. However, this level of funding is unlikely to continue beyond this issue, and **THE GAZETTE** will then revert to its previous circulation.

Community Partnerships Special Edition

Galmpton, Churston, and Broadsands have a **Community Partnership**, which was inaugurated by a large majority vote at the meeting last March. The boundary between this and the adjoining **Goodrington, Roselands, and Hookhills Community Partnership** is still open to some discussion. For more details, and dates of meetings please turn to **Page 19**.

Hookhills Neighbourhood Magazine

Is anyone interested in producing a magazine like **THE GAZETTE** just for the **Hookhills** district ? If not, then this may be the last one you have delivered. I will be only too pleased to show you the ropes and get you started. All you need is a PC with broadband, reasonably good experience with E-mail and word-processing, plus an aptitude for organised thinking.

More Delivery Volunteers

We already have about forty volunteers who deliver your magazine, but a few more would always be useful. Please contact the **Editor** if you are able to help, especially if you live in **Hookhills Road, Broadsands Park Road, Broadsands Bend, Langdon Lane, or Higher Warborough Road**.

Community Police News

Surgeries are now being held in **Galmpton Post Office** and others planned for venues in **Broadsands** and **Hookhills**. See **Diary Dates** on **Page 26**. We say goodbye to Beat Manager **Glenn Chambers**, and say welcome to his successor **Tracy Serruys**, who will be assisted by PCSO **Paul Martin** and Special Sergeant **Paul Addison**.

Scrapbooking

The dictionary defines a scrapbook as "a blank book in which miscellaneous items (newspaper clippings or pictures) are collected and preserved". Many of you will remember making scrapbooks as children - saving ticket stubs, brochures from holiday destinations, notes and newspaper clippings, special birthday cards or postcards, and pasting them randomly into a sugar-paper album. That was 'Scrapbooking' THEN. 'Scrapbooking' NOW retains some of those elements, such as preserving precious memories, but focuses on the important elements of safety and longevity, journaling, and creative expression. But don't be put off - you don't have to be creative or artistic to enjoy the hobby - you will be amazed at what you can create to enhance and preserve your own family photos.

Are your photos gathering dust in a cupboard? Or worse still, are they stuck in a standard photo album that is gradually deteriorating with your precious memories? You might prefer to see them in a scrapbook album illustrated with co-ordinating embellishments and detailed journaling knowing that they will be preserved for years to come.

Scrapbook Club

Why not join our **Scrapbook Club**? The group has been going over 2 years and meets fortnightly in **The Cube** at the **Grammar School** on term-time **Tuesday** evenings between **7:15 & 9:15 pm** from **May 5th & 19th** onwards

Some members have enjoyed tracing their ancestry and producing heritage albums to reflect their findings. You may not have photos of your ancestors, but may still produce an attractive album to pass on to future generations.

We produce albums of family events: births, weddings, proms, childhood, Christmas, summer holidays, first day at school, etc. We make mini-albums and books using specialist equipment. Many members give albums and books as special gifts, along with hand-made cards that we also create.

If you would like to come along to a taster session, or to join us, please contact **Shelley French** on **01803 855 473**. Alternatively, just drop in if you are passing.

Celebration Cakes - Chocolate Novelties - Sugarcraft Supplies

I established **Riviera Cake Craft** in **1999** after completion of my **NVQ** in **Patisserie & Confectionery** at **South Devon College**. Initially run from my hotel in Babbacombe, but now from my home in Galampton. Why the name? Well I wanted a name that reflected the area I am based in, and some of my most popular cakes have a sea and palm tree theme.

Are you after **Cakes to Delight** for your special day? On **Sunday 7th June** between **12:00 am** and **4:00 pm**, I will be holding an open day in aid of **Animals in Distress**, with a display of wedding and celebration cakes, a slide show, and cake tastings.

Report of AGM held on Monday 23rd March

John Risdon remarked that another satisfactory year had flown by and the refurbishment of the **Kitchen** was a great improvement.

Lisa Edey reported the accounts showed a small annual deficit of **£316.79**, which considering the **£8.2K** cost of maintenance was an excellent result. Turnover exceeded **£13K** similar to last year. We thank those who have contributed to fund-raising and donations to the value of **£1.4K**.

All three officers were re-elected for another year.

Report of Committee Meetings on 26th Jan & 23rd Mar

A permanent, electrically operated, 6ft square **projector screen** with stand has been fitted for the use of anyone in the community. The cost of **£690** was partly met by a **W.I.** donation of **£250**.

Radiator covers are being considered to minimise the risk of burns, but in the mean time thermostatic radiator valves are being fitted.

Galmpton Pre-School has bid for a Torbay Grant to buy a new child-friendly safety surface for the courtyard, which would also enhance its appearance.

There will be no major maintenance work this year, but the flat roof over the ladies toilets has been renewed, some new coat-hooks have been fitted in the foyer, and the window curtains will be re-lined.

A new **Community Partnership** for Galmpton, Churston, and Broadsands was launched at the meeting in March. See **Page 19** for details.

The hall will be in use on **Thursday 4th June** for **MEP** election polling.

The next committee meeting will be at **7:30 pm** on **Monday 29th June**.

For those that have Bonfires ~ A potential killer !

We frequently receive complaints and reports of distress caused by garden bonfires.

On a recent sunny April **Saturday afternoon** a resident lit a smoky bonfire. The smoke did not rise and gassed out the surrounding neighbourhood for about 2 hours. There was no escape. Unfortunately, one resident suffered an **Asthma attack**. The smoke prevented many neighbours from enjoying their gardens; washing was ruined; windows were closed - yet smoke still penetrated people's homes. Visibility was reduced to dangerous levels on nearby lanes.

Last year, a teenage boy, in another town, suffered an **Asthma attack** and **died** after breathing in smoke from a bonfire. Would you really want this on your conscience, if it were your bonfire ?

Although having a bonfire is not illegal, an individual **can be prosecuted**, with supporting evidence, if the bonfire causes a recurrent nuisance. We understand that **video evidence** has been collected of the aforementioned incident, with a view to a potential prosecution.

There is no need to light a bonfire. Why annoy your neighbours and pollute the air when garden waste can be composted, or alternatively taken to the Amenity Recycling Centre at Yalberton, where it will be composted.

The Common ~ Use it or lose it! ~ We need your help

We have reported, in previous issues of **THE GAZETTE**, that Torbay Council has applied to take part of the Common for road development. Preparations to defend a future public enquiry are progressing well.

We understand that one issue to be considered, is how well the Common is used. One Brixham councillor recently said the Common is only used by the occasional dog walker. We know the Common is **extensively used** by walkers, cyclists, children playing football, kite flying, horse riding, picnics... However, **we need evidence**, so we're sending out an urgent appeal to all residents to **send us photos** showing your **recreational activities** on the Common. We want to put these on our website, so please indicate if you, and those photographed, give permission for this.

Galmpton Residents' Association News

Dartmouth Road ~ Speed Limit Review

Many thanks to the numerous residents who responded to our E-mail to press for a 30-mph speed limit from the **Windy Corner** to **Churston Cross**. This was passed by the Council and has been taken to the statutory organisations, such as the Police, for their comments. We hope that sense will prevail and they agree with the proposal.

GRA AGM held on Thursday 2nd April 2009

Yet again we had a good turn out at the **GRA AGM**. It has been a very busy year, and attendees were given details of the work that the committee has been involved in over the last 12 months. Undoubtedly the biggest issues for discussion were the **Windy Corner** road-widening scheme, travellers on the Common, and pedestrian safety in the village.

We were pleased to hear that those attending were so supportive of the work the (voluntary) **Committee** is doing on your behalf.

Committee Re-election

Paul Crocker and **Peter Royle** were duly re-appointed respectively to the roles of **Secretary** and **Treasurer**. Unfortunately, we are still without a **Chairman**.

Gordon Batten, **Christine Batten** (Minutes Secretary), **Margaret Packer**, **Richard Boyles** (Webmaster), **Helen Boyles**, **Delia Hales** & **Steve Davies** will continue as **Committee** members.

Finances & 2009 Subscriptions

The **GRA** accounts remain healthy and these were approved. The 2009 Subscriptions remain at just £2, on the basis that we might need to seek voluntary contributions for legal help to fight the **Windy Corner** road plans.

Future Plans

We are reducing our campaigns to just four issues for the coming year:

- Spatial Strategy / 7,800 home New Town
- 30-mph Speed Limit - Dartmouth Road
- Warborough Common - Road development over Common
- Warborough Common - Protecting from "illegal visitors"

Churston with Galmpton Ward

News From Your Ward Councillors

Since being elected in May 2007 we have been busy in the Ward looking after the interests of our residents. These are some of the issues dealt with:

- We successfully saved the green spaces in Hookhills, which were included in the original list of assets for disposal. These are important features in the area, which have now been removed from the list.
- Traffic calming in Galmpton is scheduled to go ahead soon.
- Resurfacing of Bascombe Rd between Bridge Rd & Elberry Ln is due to start this financial year, together with the section of Copythorne Rd between Bascombe Rd and the junction to Churston Court Farm.
- We successfully campaigned and avoided having poster sites along the Common on the approach to Brixham.
- We helped to save the Post Offices in our Ward.
- We managed to get the travellers moved off sites in our Ward, and we are continuing to liaise with officers regarding the introduction of a 'barrier' to keep vehicles off the Common.
- The Transportation Working Party accepted our recommendation that the 30-mph limit should be extended from Windy Corner to Churston Cross. This should be implemented after consultation with Police, etc.
- We have been instrumental in setting up a Community Partnership for the Galmpton, Churston & Broadsands area. The exact boundaries to be discussed at the Partnership Steering Committee meeting in April.

We hold a surgery at **Churston Library** on the **first Saturday** of every month from **10:00 am to 12 noon** excluding **August**. Also there will be no surgery in **May** because of the Bank Holiday. No appointment is necessary.

We pledge to continue to work for all the residents in our Ward. If you cannot attend a surgery in person please phone or E-mail either of us.

Flavel Chapel Hall

Locals may have noticed that we have started work again restoring the hall. Dry rot in the floor of the hall caused it to collapse. We understand this was due to a water leak that went undetected for some time. The result was that we had to remove the whole floor, and all the kitchen and bathroom units. The Lord is kind however, and we are now in a position to press on with restoring the hall.

We are hoping to have the building ready for our **178th Anniversary**. This is due to take place on the weekend of the **9th / 10th May**. We are grateful for Our God's merciful provision, and invite you to join us to give thanks for all His kindness to us.

John Blanchard Meeting

We were greatly encouraged by the large turn out to the **John Blanchard** meeting in Torquay Town Hall. Some **250 / 300** people attended, and the question and answer session went well. Our prayer is that those who came will all be made to consider their eternal welfare.

Dates For Your Diary

Saturday 9th May at 3:00 pm

From Churston Vicarage

This year the **Diocese of Exeter** is celebrating its **1,100th** anniversary with a whole series of events throughout the Diocese. This means the church is probably the oldest organisation still operating in Devon, and in spite of rumours you may have heard to the contrary, we are confident we will go on serving the community for a good few years to come. We have moved with the times though, and many of the events we run today are about the life we share in 2009, and we hope you might join us for some or all of our celebrations.

For example, do you like admiring the skill and talent of other people? At **Churston Church** we do, and we think we should thank God for giving our world talented people. That is why over the first bank holiday weekend in **May** we are having a **Festival of Talents**, including displays, and a show on the **Saturday** night at **7:30 pm**. Why not come along and see what people in your neighbourhood can do?

At the end of **May** we have the feast of **Pentecost**, which celebrates the coming of the Holy Spirit to the Church. So in the morning we will be joining with our fellow Christians in **Brixham** for a joint service in **Fore Street**. Later on from about **5:00 pm**, we are having a picnic by the church with music, and then a special Eucharist in church from **6:30 pm**.

On the evening of **June 27th** **Choros** will be joining us at **7:30 pm** to sing "**The Way of the Hermit**" - a celebration of St Cleer. They will be singing pieces in English, French, and Greek and reading poetry and prose.

Teamwork

Running a church is of course not something that the Vicar does on his own. It is a team effort. So we have people who clean, people who look after the grounds, and people who arrange flowers for our weekly service, for weddings and special occasions. We have bell ringers and a choir, and servers who help in the service. We have worship leaders and now a team of trained visitors who will help us in our outreach into the wider community. We also have a Bible study group who meet during the week, and we hope to see the start of a prayer group over the next few weeks.

For the times of our regular services please see **Page 28**.

You will be most welcome to any or all of the above.

If you want further details please feel free to ring me on **01803 844663**.

Blessings - Ian (Vicar of Churston Ferrers and Kingswear)

Letters to The Editor

Dear Sir, Re: Dartmouth Road

I notice from our community magazine, that the GRA is still proposing a 30-mph limit as being the only solution to the problem on this stretch of road.

I feel sure that if this were introduced, the mobile chicane that currently causes much frustration between Windy Corner and Clennon Valley at speeds as low as 25-mph, (in reality probably 22-mph), will encourage yet more vehicles to use Bascombe Road, which is not safe at over 30-mph, consequently moving the problem from the main road to a minor road.

I am still of the opinion that something needs to be done to stop motor bikes, and at times the odd car, from overtaking on the hatching on the main road between Greenway Road junction and Bridge Road.

Graham Munday, Yonder Fowdon, Off Bascombe Road

Dear Sir,

Heath Watkins has an advert on Page 45 of *THE GAZETTE* Issue 13.

I have just had a small job done by him – yes I did say where I got his name.

If anyone asks, I found him a very friendly and helpful young man who did two other tasks for me - unasked - and without charge...

Sir, Re: Litter On The Common

Anyone who regularly uses the common will surely have noticed an increase in visible litter, fortunately not the large stuff, but the detritus of sweet papers and wrappers, till receipts, take-away bags, serviettes, cigarette packets, etc. Last week in a 10-minute amble, I filled a Sainsbury's bag. It is unlikely the litterbugs can be caught, but it is a known fact that litter encourages litter. If everyone picked up 3 or 4 pieces of litter each time they went on the common, and put them in the bins, we would be able to preserve, litter-free, our privilege of having common land to enjoy.

Registered Charity: 1067831

Dart Sailability is a charity that organises and runs water based activities on the **River Dart** for disabled people of all ages and disabilities.

We operate out of **Noss Marina, Bridge Road, Kingswear** on a **Tuesday** and **Saturday** morning from **May** until **September** and we have a specialist fleet of sailing dinghies, day boats, and motor boats that enable the disabled to enjoy the beauty of the river.

We are also an official **R.Y.A.** centre for **Instruction** and are able to issue certificates and train new able-bodied volunteers to basic **Instructor** level, for both sail and power.

We are funded by donations from many sources, but also from our own collection and selling of boat jumble. So if you have anything lying around that is not being used. **DON'T THROW IT AWAY.** Please call **David** or **Bruce** and we will happily collect from you.

Come on down to **Noss** and see what happens! You may like to become a volunteer helper, or be able to use our facilities to access the **River Dart.**
We look forward to seeing you there.

Report by Paul Smith

Galmpton Juniors End of season (almost) round up!

One quick last return to bring you the latest on the Galmpton junior football. Thank you to **John Williams** and '**Homeswapshop**' for this opportunity!

In general things are still going well with the new club set-up, and we hope to continue into next season. Obviously all teams will then be playing up an age group. My **Under 12s** team will move over to the new Grammar School pitches, leaving plenty of space for new teams at **Under 8s** and **Under 9s**. So, if anyone is interested in getting involved and wants to run a team please make contact ASAP. Onto the teams and their performance so far, remembering of course this isn't "what it's all about", but it is still what everyone wants to know...

Under 9s - Div. 1 - A game to play and in 2nd position behind 'arch rivals' and good friends, Paignton Pilgrims. Well done boys, including managers Mark & Dave. There is no **Cup** or **Plate** competition at this age group.

Under 10s - Div. 2 - Also a game or two to play, and holding 3rd place with only 2 points between the top three, so an exciting finish here. In the **Plate** competition, the semi-finals are looming against Ipplepen, with Galmpton hot favourites to win. So, good luck guys, including managers Gary & John.

Under 11s - Div. 2 - Still one game to play, but unlikely to change league position from next to bottom; but hey, we've enjoyed it, everyone's played lots of football, and we're still the only team that beat the league winners Chelston. So, well done guys, I'm really proud of you all. We also lost 1-0 to a very good Buckland Athletic team in the semi-final of the U11s **Plate** and I'm sure they'll go on to win the competition. A quick last note to say, very sadly, we lose our key left-side defence/midfield player **Natasha Ringrose** next season; the only girl currently signed on with the club, and what a star she's been ... "thanks Tash!"

Well that's it. Once again thanks for reading and have a great summer!

TRADITIONAL CHINESE ACUPUNCTURE

MARGARET DELBRIDGE

MA (Cantab.) B.Sc. Lic Ac
Member of the British Acupuncture Council

Tel: 01803 842 411

Many people are unsure about what an acupuncture treatment involves or what it can do for them. Here are a few of the questions I am most frequently asked.

WHO HAS ACUPUNCTURE?

Acupuncture is considered suitable for all ages, including babies & children. It can also be used alongside conventional medicine.

WHAT HAPPENS WHEN I GO FOR A TREATMENT?

You will be asked about your current symptoms, what treatment you have received, your medical history, diet, digestive system, sleeping patterns and emotional state. I will feel your pulses on both wrists and ask to look at your tongue. I will then select the acupuncture points most suited for you.

WHAT DOES IT FEEL LIKE? DO THE NEEDLES HURT?

Acupuncture needles are much finer than needles used for injections and blood tests. When the needle is inserted, the sensation is often described as a tingling or dull ache.

HOW MANY SESSIONS WILL I NEED?

Frequency and length of treatment depends on the individual. Some change is usually felt after five treatments. Occasionally only one or two treatments are required. Some patients may need long-term treatment.

SHOULD MY DOCTOR KNOW?

If you have been prescribed medication it makes sense to tell your doctor that you are having acupuncture. Bring a list of any medication you are taking as this may affect your response to treatment.

Cleaning Tips from ServiceMaster Clean your LOCAL Carpet & Upholstery Cleaning Company call us on 0800 018 5550

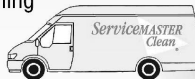

In each issue of *THE GAZETTE* your local ServiceMaster Clean will be providing useful tips. In this edition we offer advice on reducing allergens within your home. Many of us cough, sneeze and wheeze because our bodies don't like exposure to dust mite allergen. Some suffer severe symptoms like asthma, eczema and rhinitis.

- **Don't make your bed!** Dust mites need food and moisture to thrive. They feed on organic detritus, like human flakes of skin. These are plentiful in your bed, along with the moisture we introduce by perspiring. Neatly fold your bed covers back and allow your mattress to breathe. Give the mattress a good vacuum periodically. Dust mites cannot tolerate sunlight either, so open the curtains and let the natural sunlight in – it makes it harder for them to thrive.
- **Open that window!** Our centrally heated and double glazed homes can be ripe breeding grounds for dust mites. One reason why asthma and eczema are on the increase. Opening windows allows good ventilation - fresh clean air comes in, dusty allergen-laden air goes out, and humidity levels drop, which makes the dust mites less happy.
- **Deep clean carpets & upholstery.** Most vacuum cleaners suck in one end, blow out the other, and try to catch as much as possible in between. Dust mite allergen is so small it even gets through Hepa Filter vacuums. Vacuum with windows open and allow the air to change. With our hot water extraction cleaning system, the waste is caught in the solution, and does not get back into the room. Deep cleaning periodically will help keep your home healthy.
